

In this supplementary document we show images of a few other explorations related to the orbifold concept, applied to pied-de-poule. The explorations are done using unbleached cotton and machine-embroidery. Later, these models can be styled in different materials and colors.

**Figure A1:** Torus with button/button-hole closure. Embroidered fabric used for the torus. (C) Loe Feijs.

**Figure A2:** Lady's bag in the form of a twisted pillow (left). The same bag before closing the buttons (right). (C) Loe Feijs.
